WORKING RELATIONS

At Amsterdam Manor Beach Resort, we have an open-door policy, this means, literally, that every manager's door is open to every employee. The purpose of an open-door policy is to encourage open communication, feedback, and discussion about any matter of importance to an employee. The employees are free to talk with any manager at any time. We adopted the open-door policy to develop employee trust and make certain that important information and feedback reach managers who can utilize the information to make changes in the work place.

It is our responsibility of the Human Resources team to design, manage and distribute the human resources procedures. Each person who manages a team or department is responsible for applying this Human Resources Policy and complying with its corresponding procedures.
